INTERNSHIP - MOBILE APPLICATION DEVELOPER (INTERN)

We are looking for a strong mobile app developer who welcomes both engineering and maintenance tasks. The primary focus will be to implement new user interfaces and features together with automated unit and integration tests.

You will be working with our candid and collaborative team, where your knowledge and advice about application architecture and the newest mobile technologies will be highly appreciated. The code you write will need to be cleanly organized and of the highest quality. You'll also help ensure solid application performance and an excellent user experience.

Location: Work from Home (Remote)
Qualification: Any
Experience: Any

Responsibilities:

- Understand the client's requirements
- Discuss the client's requirements with colleagues on how best to deliver the job
- Developing new features and user interfaces from wireframe models.
- Ensuring the best performance and user experience of the application
- Fixing bugs and performance problems.
- Writing clean, readable, and testable code.
- Cooperating with back-end developers, designers, and the rest of the team to deliver well-architected and high-quality solutions.
- Work closely with colleagues to constantly innovate app functionality and design.
- Write unit and UI tests to identify malfunctions.
- Communicate with users to understand their needs and experiences.

Requirements:

- Programming languages such as Java and Basic knowledge in Flutter or React Native
- Familiarity with RESTful APIs and mobile libraries.
- Familiarity with the JSON format.
- Basic experience with profiling and debugging mobile applications.
- Familiarity with GitHub
- Basic knowledge in Agile Methodology.
- Strong organizational skills.
- Drive to keep up to date with developments and trends in the tech and modern media world.
- The ability to learn quickly.
- The ability to interpret and follow technical plans.
- Problem-solving skills.
- Strong communication skills.

You will gain:

- Experience in Solidity and Ethereum.
- Good service Letter.
- Flexibility on time (you can work with us according to your own convenience).
- Fully work from home (Remote).
